

God still sets people free...

from sin and it's effects :-

- real & virtual prisons of
- disease & despair
- guilt, shame, hurt, anger
- ultimately hell

to new eternal life with God

from Siberia to Caesarea, and other places in between!

When people get right with God through the Saviour, as told by a man who has served God for over 70 years, with a God-given passion and vision to set people free, then God shows His love and compassion in real power. Young or old, hot or cold, it's time to get free with God.

Come,hear (& see!?), first-hand, miracles of God.

David Hathaway
